FOREWORD

The publication of this Alumni Directory fulfills a desire entertained for the last fifteen years to bring the Seventy-Fifth Anniversary Directory up to date. The present edition is based on that directory, the information in the catalogs of the institution from 1850 to 1944, the alumni files and publications, and particularly on the generous amount of new information furnished by a large number of Hiram people.

Prepared and issued in war-time, this directory reflects the times in its lists of men and women in the armed services, as well as the biographical references to employment in war-time agencies and plants.

Errors will unavoidably be found. The Alumni Office urges you to report every error or omission that comes to your notice, so that the next directory—planned for the Centennial Anniversary—may be that much more accurate. Correct information is wanted, not only for the living but also for alumni and former students who are now dead.

Meager records of the Western Reserve Eclectic Institute and of the early days of the College make it imperative that no time be lost in recording facts still available relating to this period.

ALPHABETICAL INDEX

The alphabetical index lists anyone who ever has attended Hiram as noted in the school catalogs, from the time of the Western Reserve Eclectic Institute, 1850-67, to the end of the college year 1943-44. Students of the Eclectic period, designated by "ec" before the year, do not appear again. The others, with biographical material, are given in the class lists and are coded as follows:

Graduates appear with the year of graduation. Nongraduates, identified by college catalogs as members of a college class, carry an "x" before the year. Others, i.e., students of special departments, of special work or of pre-collegiate studies, are listed with a dash before the year, e.g., Jane Doe —13, the year, in most cases, being the last year in which they took any work at Hiram College.

An asterisk precedes the name of deceased students.

An individual who attended Hiram College only as part of the Student Army Training Corps is designated with an "a" after the year, while those who attended Hiram exclusively at the Warren-Hiram branch have a "b" after the year. For the student still in attendance at the college, an "s" appears after the year.

Names of married alumnae are listed in two places, under the maiden name with the married name in parentheses and under the married name with the maiden name following, e.g., Doe, Jane (Mrs. John Smith) —13; Smith, Mrs. Jane Doe —13.

CLASS LISTS

Under each year the following order has been carried out, first the graduates, then the non-graduates (x students) who were identified with that college class year, and last the students of special departments, of special work or of pre-collegiate studies designated under the head of "— Students." In general, for this last group, the year represents the last year in which they took any work at Hiram College.

An asterisk precedes the names of deceased students.

The class lists carry the name of the wife of an alumnus when it is known, and if she attended the college, her year is given, e.g., "m Jane Doe —13."

No attempt has been made to give military addresses.

GEOGRAPHICAL INDEX

The listings, alphabetically by state and within a state, are by postal address, and in some cases give the general rather than the exact locality, e.g., people living in rural area near Hiram are listed under Garrettsville.

Cleveland, Ohio, includes the following suburbs: Bratnahl, Brooklyn, Cleveland, Cleveland Heights, East Cleveland, Euclid, Fairview, Garfield Heights, Lakewood, Parma, Rocky River, Shaker Heights, South Euclid, University Heights, and Warrensville.

A dash before the name indicates a person in military service.

A "b" before the name indicates a business address.
